<sup>1</sup> CDC Guidelines for Hand Hygiene in a Healthcare Setting, 2002

- Internationally, **Microban holds 40% awareness** for its association with antimicrobial protection.
- The Microban name is used on **over 750 products** around the world.
- Hands are the ideal transmitters of germs, viruses, and bacteria. Today, the public is growing aware of the **importance of proper hand sanitization**.
- Hand antiseptics reduce the incidence of health-care-associated infections.<sup>1</sup> **Alcohols have excellent germicidal activity against bacteria**, including multidrug-resistant pathogens (e.g. MRSA and VRE).<sup>1</sup>
- Alcohol-based hand sanitizers provide numerous benefits within healthcare settings<sup>1</sup>:
  - **Require less time, act faster, and irritate hands less than washing with soap and water**
  - **Reduce bacterial count on hands**
  - **Improve skin condition**

### THE MICROBAN HAND SANITIZER

- Microban is a **universally recognized brand** associated with effective and durable antimicrobial protection.
- Microban hand sanitizer helps reduce the risk of infection and contamination by **killing 99.9% of germs and common bacteria** on contact. This is due to high alcohol concentrations ranging from 70% to 80%.
- Microban hand sanitizer is different in that it leaves hands feeling soft and smooth after every application thanks to its **emollient-enriched formulation**.

### MICROBAN ORIGINAL

- Ideal for everyday personal use
- 70% v/v alcohol-based formula enriched with Vitamin E and Aloe Vera that leaves skin feeling smooth and soft
- Popular tangerine flower scent
- Available in sizes of 25 mL flip cap, 60 mL flip cap, 125 mL flip cap, 250 mL with pump, 500 mL with pump, 1 L with pump, and 1.3 L cartridge

### MICROBAN UNSCENTED

- Ideal for everyday personal use
- 70% v/v alcohol-based formula
- Unscented, hypoallergenic formula
- Same emollients as the Original formula, but without the tangerine flower scent
- Available in sizes of 125 mL with flip cap, 500 mL with pump, 1 L with pump, and 1.3 L cartridge

### MICROBAN MEDICAL

- Ideal for use in hospitals and other health care environments
- Use of 70% v/v alcohol-based formula enriched with 0.5% w/v chlorhexidine gluconate
- Unscented, hypoallergenic formula
- Can be used safely with latex gloves
- Available in sizes of 500 mL with pump and 1.3 L cartridge

### MICROBAN 80% ALCOHOL

- Ideal for use in hospitals and other health care environments
- Powerful 80% v/v alcohol-based formula kills germs quickly
- Unscented, hypoallergenic formula
- Quick-drying and non-sticky
- Available in 1 L size with pump
